

# TVET for Sustainable Development

TVET plays a key role in implementing the vision of sustainable development (SD) on global as well as on national level. Participants will reflect on the overall concept of SD and the role that TVET could play in the implementation of the Sustainable Development Goals (SDGs). In order to anchor TVET for SD in the respective national TVET system the participants will be coached to design and disseminate country-specific National Action Plans (NAPs).

- **Content, elements, format and duration can be customised to the respective needs**

This topic includes the following courses:

Sample Course 1: TVET for Sustainable Development

Sample Course 2: National Action Plan on Greening TVET

## Learning outcomes

On completion of the training, participants

- are able to describe requirement, meaning and content of the concept of sustainable development and the sustainable development goals
- are able to discuss global initiatives and activities on promoting TVET for SD and how they can support them
- are able to explain the importance of NAPS for the strategic implementation of ESD / TVET for SD
- are able to draft a NAP (incl. vision/mission statement, fields of action, objectives, activities, indicators, milestones and responsibilities)

## Contents

- Sustainable development: the key guiding principle for global action
- Role of TVET for achieving the SDGs
- Global initiatives and activities on promoting TVET for SD
- Strategic and systematic implementation of TVET for SD in National Action Plans (NAPs): requirements, structure, content and procedure
- Case study: Implementation of ESD / TVET for SD in Germany
- Development of country-specific NAPs

## Formats

- Face-to-face
- Virtual formats
- Blended learning

## Language

- English
- German
- Upon request: other languages with interpreters

## Target groups

- TVET experts
- In-company trainers
- TVET management staff
- Decision makers from relevant ministries, authorities and institutions
- Private sector stakeholders (from all occupational fields)

## Duration

- 140 hrs: 100 hrs (12 weeks) training (incl. individual e-coaching) plus 40 hrs self-work

## Certificate

The participants will receive a certificate of participation after successful completion of the course.
